TARIFF REFORM.

Since there is so much talk these days about the tariff and since there is talk of appointing a commission to go thoroughly into the question from all its angles, here is a suggestion for the said commission to consider:

If the commission and the government want to be on the square with those citizens of Canada who sell their labor, it might tax on imported labor will be the same as the tariff tax on import-owner of a protected industry is protected by a tariff tax of fifty per cent, such owner shall be compelled to pay fifty per cent, on every dollar he may expend for labor which he may buy from a person who is not a citizen of Canada either by nativity or naturalization. Let the tariff laws of Canada be so amended that the tariff tax on imported labor will be the same as the tariff tax on imported goods. Then the owners of protected industries will not find it profitable to secure foreign countries for the purpose of obtaining cheap foreign labor, thereby lowering the wages of those citizens of Canada who have their labor only to sell.

If something after this style were adopted it would not only go a long way towards solving much of the unrest in labor circles today, but it would also be paving the way towards making Canada a white man's country from which much of the material which goes to make up our Bolsheviki and I. W. W. element, would be barred.

ON THE RIGHT TRAIL.

According to reports retail lumber merchants are considering the advisability of asking that an embargo be placed on exportations of Canadian lumber. From what we have been able to gather reading reports of lumber conditions in Canada, it would appear that the cost of the advancing prices of lumber in this country is the growing demand for that material across the line on account of the increasing scarcity of this class of lumber over there.

In this connection some may argue that the usual system of supply and demand should not be interfered with, but when all things are considered we do not think this system should be applied in this case. Our reason for this view is that the lumbering industry is the outcome of the development of the natural resources of this country. Our natural resources are—or at least should be—the property of the people upon whom they were so bountifully bestowed, and should be used first of all for their benefit. Unfortunately in this country this is not always the case and the lumbering business stands out as a glowing example of how these resources are exploited for the benefit of the few and much to the disadvantage of the many. Vast areas of our lumber resources have been handed over to individuals and corporations for a mere song. In return for these practical presents the general public should be entitled to some protection and consideration. One way of doing this would be by placing an embargo on this commodity until such time as the people, who were the original owners of these resources were supplied with their wants at a price commensurate with the initial cost to the present owners, plus a reasonable profit for their development.

It appears to us that the retail lumbermen are on the right trail.

ANSWER TO COMMUNICATIONS.

In another column of this issue are two communications drawing attention to two articles which appeared in our last issue. The one written by Mr. Johnson asks: "If farmers are justified in using ordinary business methods," etc., in answer to this we might say that in our opinion the farmers, as a farmers organization or as individuals, are justified in adopting any measures within the law to lessen their burdens, but as a political party in whose hands is placed the government of a whole province, regardless of sects, occupations, professions or trades, it is not expedient to legitimate on move along lines that will benefit one particular section to the detriment of all the others combined. If that were done it would simply be a case of "out of the frying pan into the fire" so far as the general public is concerned.

So far as Mr. Johnson's reference to the curtailment of automobiles is concerned it might be observed that a large percentage of the automobiles in the western provinces are owned by farmers who buy them, not as luxuries but as necessities from an economic standpoint.

So far as Mr. Wedderburn's communication is concerned he appears to have no complaint except in the wording of our heading. Our editorial in the same issue explained what we believe to be the present situation, so that it is unnecessary to make further comment at this time.

A SLIGHT CHANGE.

Our readers will notice a slight change in the make-up of the columns on this page. This column, it will be noticed, is just twice as wide as it has been in the past. We make this change as we believe it will make the reading matter more easily read and add to the attractiveness of the page. We trust the change will meet with the approval of our readers.

Large Dominion Club
Planned for Piccadilly

The London Daily Chronicle, declares that it is proposed to build a million pound Dominion club on the site of the famous Duxbury house, Piccadilly. The Duke of Connaught is said to be enthusiastic for the project, which originated with Sir Ernest Hatch. A powerful supporting committee includes Lord Haig and Lord Bessy. Plans for ladies' and men's sections of the club already have been submitted by the president of the Royal

Academy, and are being given ample consideration.

Glossal Monument
To Commemorate Marne

A colossal statue, one of the largest of the world's sculptural monuments, it is announced, will be placed by citizens of the United States on the River Marne to commemorate the victorious stand of the French army there in 1914. The exact location has not yet been determined but it will be selected by Marshal Joffre and Marshal Foch near the little town of Meaux on the

Marne, which marked the high-water mark of the German advance so vividly described by Mr. Aldrich in "A Billions on the Marne". The project is in the hands of a committee of which the chairman is Mr. Thomas W. Lamm of J. P. Morgan & Co., and it is estimated that the cost will be about \$250,000.

"COW BILL"—NOTICE

Application will be received from farmers in Alberta for loans under the Live Stock Encouragement Act for the purchase of cows during the year 1920 up until April 30th of this year. It being decided to handle applications now coming from many parts of the province at different times of the year. It has been decided to limit applications to the first four months. Farmers interested will kindly govern themselves accordingly and get all their applications in to the Live Stock Commissioner before April 30th, 1920.

Are Preparing to

Fight the Flu

City and provincial health authorities in Manitoba are making preparations to fight a return of the "flu" epidemic. Immediate steps will be taken to provide extra nurses, extra hospital accommodation, and other facilities and it is intended to arrange for the raising of V. A. D. nurses at a meeting between representatives of the Manitoba Association of Graduate Nurses and the Red Cross. Lectures and courses will be made available at all nursing stations in the province. The provincial board of health is also sending out information for the guidance of rural health officers for the event of the "flu" epidemic returning.

Japanese Colony to
Settle in Mexico

Baron Otori, Japanese minister to Mexico, has made an agreement with the Mexican Federal government with agencies in Japan for the colonization of several thousand Japanese in the state of Sonora, Lower California, Sinaloa and Colima, on the west coast, according to a dispatch from Mexico City, received by a Mexican newspaper.

The Mexican government, the dispatch says, has assured Baron Otori, Japanese immigrants will be given adequate protection from bandits.

PLAN TO FLY FROM
NEW YORK TO ALASKA.

Tentative plans for a trans-continental air race this year between New York and Nome, Alaska, a distance of 4,870 miles, were announced by the American Flying Club. The proposed race will be held under the same rule as the race between New York and San Francisco last year.

ITEMS OF LOCAL INTEREST

If you are thinking of buying a piano or organ use me. I have secured the agency for the best makes in this line. E. L. Stone, Review office.

C. T. Hall, our local druggist, has secured the agency for the full line of drugs and druggists supplies manufactured by the Bessie Company. As this company handles a complete line of this class of goods, the securing of this agency will mean quite an acquisition to my already well stocked local drug store.

There will be nothing contest in the Elms on theatre, Medicine Hat, on Tuesday evening next, Feb. 10th. The main event will be a ten-round bout between Geo. K. O. Kesterson, of Edmonton, and Sparty Channing, of Vancouver, the light weight champion of the Canadian army. There will also be a six round preliminary between Joe Carpenter and Billy Murphy, and two other bouts.

Mrs. (Dr.) Brown and little daughter left last evening for Neustadt, Ont., to join the doctor. Since coming to Redcliff Dr. and Mrs. Brown have been among our most respected citizens and our people are sorry to lose them, especially in view of the fact that the doctor's ill health was the cause of their removal. We trust the doctor will soon recover his health and that he will progress in his new location.

The Chinese class in connection with the Presbyterian church, was entertained at the church last Sunday afternoon. Refreshments were served, after which several of the Chinese expressed their appreciation of the services rendered in their behalf. Their remarks were surprisingly appropriate and all served to how the great progress they are making in their thoughts, ideas and manners, under the direction of the young people of the church who are taking such an interest in these men.

Mrs. Cockrell entertained a number of friends in honor of Bruce Phillips, Miss Miller, William Dickson, D. O. Leidy, W. Waters, George McKenzie, steel workers, who are leaving for Edmonton Monday night. Cards were played during the evening. Mrs. Cockrell won the ladies first prize and Bruce Phillips the gent's. Cash orchestra supplied the music afterwards and all spent a most enjoyable evening. During the evening a dairy supply was served.

Mr. Joseph Travers, of New Westminster, B. C., was a business visitor in town for a few days this week. Mr. Travers has recently purchased some property in Redcliff. To the Review Mr. Travers said he considered Redcliff was never so one of the most prosperous towns in the west and here and the Pacific coast, and that few if any towns had a more promising future. After siding up the situation here he concluded that the people of the town were its worst enemies. He was of the opinion that if the people themselves got together and worked harmoniously for the best interests of all concerned, results which would be a lasting benefit to all would result.

While Waiters left last Sunday for Edmonton.

Mrs. W. Wilde is at present in the pils in Medicine Hat where she is undergoing an operation.

LOST—On way to Medicine Hat, a genus for gamblers for left name. Under please leave same at this office.

The teen age boys of the Presbyterian Sunday school are giving a concert in the church tonight.

M. S. Wilde, who has been spending most of the winter with her brother at juniper, returned to town last Saturday.

Major Brown, of Medicine Hat, was in town last Saturday with government officials who are investigating the development of the natural resources. While here they visited our industries to secure data and other information with reference to industrial activities here.

Word has been received in town this week notifying friends that Martha (Hilts) and Mr. George Simmons were married in England on Jan. 21. The young couple intend returning to Redcliff as soon as they are able to book passage.

It is now the time of year when our members should consult the label on our plans. Take a look at this week's and see how you stand. There are still a few who have not sent in their renewals.

Another successful week end dance was held in the C.W.V.A. club room last Saturday evening. There was a good crowd in attendance and a most enjoyable evening was spent. We doubt not many as to the popularity of these weekly events.

The Calgary Board of Health is already calling for volunteer nurses in preparation for the possibility of another "flu" epidemic.

Mr. and Mrs. Len Barber left yesterday on a holiday trip to California where they will spend two months.

TO RENT—150 acres of land for spring crop; located one and one-half miles west of Redcliff post office. Apply to Jacob Landis. 6-3

Mrs. A. Woods, maternity nurse, 822A River street, Medicine Hat. Fully married; clean in. Phone 3974. Terms \$2.50 to \$4.00.

FOR SALE—Tractor and 3-horse P. O. Plover, all in A1 condition; cheap for cash or will trade for cattle. Apply to E. W. Penest, Bowell Alley.

FOR SALE—Fancy thoroughbred iron-combed White Wyndotte Cockerels of the British Regal strain. Mrs. E. B. Holroyd, East Seventh st. 6-3

FOR SALE—First-class cottages near water tank, fully modern and in excellent condition; low price and good terms. Apply at Atlas Lumber yard, Redcliff, or Revell's Sawmill Company, Medicine Hat. 6-2

FOR SALE—Lot and house of four rooms, water and gas; one square from Broadway; will trade for automobiles. Address Box 15, Redcliff.

ROOM AND BOARD—In private house. Apply Review office.

The Academy of Science in Paris recently considers communication between the earth and the planets as among the possibilities, for it has undertaken to act as a judge for a prize of 100,000 francs to be given to the man who makes a sign to a seventy body and the receipt of a reply.

A MAN'S PRAYER.
Teach me that 60 minutes make an hour, and 16 ounces one pound, and 30 cents \$1.
Help me to live that I can lie down at night with a clear conscience, with a gun under my pillow and unharmed by the face of those to whom I have brought pain. Grant, I beseech thee, that I may earn my moral debt on the square, and deliver me not stick the gaff where it does not belong.

If I get me to the fault of the other, I'll not be so sure to my own. Keep me young enough to laugh with my children and to lose myself in "ole clay."

And then when come the swell of fire and the trail of soft steps and the crumbling of the hearth's wheel in the gravel on the front of my place, make the ceremony short and the ritual simple: "Here Lies a Man."

BOLSHIEVIST TRAVEL
ON FALSE CREDENTIALS.
Belshievist agents entrusted with messages regarding conditional widespread Red plans have been on the move since traveling between Berlin, it is stated officially. They usually travelled as German Red Cross delegates on the pretext of arranging for the exchange of German prisoners from Russia.

New Light Co.

NOTICE.
In the Estate of William Cross, late of the Town of Redcliff in the Province of Alberta, Deceased, I, FRANK HAIRD, NOTICE is hereby given that all persons having claims upon the estate of the above named William Cross who died on or about the 18th day of October, A. D. 1919, are required to file with the undersigned by the 13th day of March, A. D. 1920, a full statement duly verified, of their claims and of any securities held by them, and that after that date the Receiver will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which statements have been so filed, or which have been brought to his knowledge.

Dated this 1st day of January, A. D. 1920.
Approved.
GEO. W. GREEN, J. D. C.
Solicitor for William Henderson, executor; address Redcliff, Alberta.

New Zealand Deals
Liberalty With Soldiers
We hear our read a great deal lately about the Canadian government not doing for its returned soldiers, and according to reports from New Zealand, as published in last week's "Veteran," Canada does not occupy the premier position among the dominions in this connection.

According to the tabulated form in the paper referred to, New Zealand ranks as a slight notch on four years service \$400 more than Canada for the same class; \$200 more to a private married man; \$200 more to a married man with one child; \$1,280 more to a married man with two children, and \$2,400 more to a married man with three children. According to this last mentioned item the Canadian government could have given the gratuity for and still not be doing any more than the New Zealand government.

Wheat and Flour
Prices are Changed
Effective from midnight on Saturday last and until further notice, the Canadian Wheat Board has ordered changes in the prices of wheat and flour. The price of British Columbia, Ontario and Quebec wheat to mills in Canada is now raised to \$1.25 per bushel and the board also increases the maximum wholesale price of government standard white wheat flour from \$10.10 per barrel to \$11.25 per barrel, basis f.o.b. quai, Montreal.

COMMUNICATIONS
U. F. A. POLITICAL ASSOCIATION
DISSOLVED.
The Editor Redcliff Review:
I notice you have the headline in your issue of January 29th. You must evidently have been reading the Alberta or Calgary Herald. Wouldn't it be just wish for this to be happen? What a glorious field they would have in the future.

The U. F. A. Political Association is stronger now than ever and if the old parties think we are going to dissolve in this manner they have not followed very closely the splendid speeches and enthusiasm of the farmers' cause at the convention held in Calgary. I understand in the Alberta on the day following the Medicine Hat District Association meeting Monday, Jan. 19th at Calgary; that we had decided not to enter into provincial politics. The old parties can rest assured they will have a U. F. A. candidate against them in every constituency. Each of the district associations has complete autonomy and we can dictate to us what we will or not do. We pay our own expenses, we will nominate our own candidate and, last but not least we are going to elect him or give the other fellow a run for his money.

If you had put by heading, U. F. A. Provincial Political Executive dissolved you would be nearer the mark. If you want to get the farmers' viewpoint seen for the Western Independent, Calgary.
Yours,
P. H. Wedderburn.

RE BINDER TWINE.
The Editor Redcliff Review:
Your editorial in issue of Jan. 29th is badly twisted in rather misleading. The purchase for the United Farmers of Ontario of \$500,000 worth of twine in the United States simply means that most of that money goes to the place of production of the raw material, and the fact cannot be denied in this country. I would like to ask of farmers any justified in using outside any business methods when purchasing one of the very necessary requisites for the production of the most important product of the soil? If the adverse trade balance is so very humiliating then let the Importers.

tion of bicycles such as motor cars be curtailed.
Yours truly,
HARRY JOHNSON.
